Export instructions for foreign customer

1. Documents that you must provide to get firearms to destination country

- **Import permission from authorities of the destination country (countries outside EU region)**
- **Prior informed consent from authorities of the destination country (countries inside EU region)**
- **End-user certificate (EUC2)** in all cases. The official stamp and signature of the authority of the destination country are found on page two of the EUC2 document. This document proves that the end-user is certified and competent to handle and possess firearms listed on the end-user certificate.
- **Copy of the end-user passport.**
- **Copy of the invoice/invoices containing the products**
- All the original (no copies) documents must be delivered by post in one envelope at once. **NOT** by email or by any other means. **NOT** in several envelopes at different times.
- Every export/transfer permit is processed individually by Finnish authorities. It's **NOT** possible to merge several permits on one application.

2. Costs

Every application is charged under tariff defined by Finnish authorities.

Tariff 2021:

- Commercial export permit (outside EU region) 135 €
- Commercial export permit (inside EU region) 40 €
